Sir,

I am directed by the Earl of Crewe to inform you that he proposes that you should receive the following treatment in connection with your original selection for service in Northern Nigeria, your voyage from India to Liverpool, the period of your stay in England, and your voyage back to India. I am to explain that the treatment proposed is based as closely as possible on that which your companions, who sailed with you from India and who left England again for India on the 3rd of July received.

2. (i) Your engagement dates from the 21st of May and you are entitled to half salary from that date to the date of your return to Rawal Pindi, which is calculated as follows. In the case of your companions who travelled back to India overland viâ Marseilles, a period of 25 days was allowed as the supposed time which they would have taken if they had made the voyage by sea from England to Bombay; and they were allowed half salary for these 25 days and for four days more, being the estimated time of the journey from Bombay to Rawal Pindi. As you left Liverpool on the 6th of August, you will be regarded as having been due at Bomaby on the

the 30th of August and at Rawal Pindi on the 3rd of September. You will consequently be allowed half-salary continuously from the 21st of May to the 3rd of September, both dates inclusive. This, at your salary of £32 per annum, amounts to £4.12.5.

(ii) You will be allowed, like your companions from Rawal Pindi, the estimated amount of a third-class railway ticket from Bombay to Rawal Pindi, viz:- £1.10.0.

(iii) You will also be allowed like them the estimated cost of conveying your baggage from Bombay to Rawal Pindi, viz:- £3.0.0.

(iv) One month's full pay on determining service:- £2.13.4.

(v) The cost (£18) of your return passage from Liverpool to Bombay has been paid by the Goverrment.

(vi) Your companions received a detention allowance for certain days in respect of their stay in England and detention in France on the journey home. This item does not, however, arise in your case as you were in hospital the whole time in England and will be travelling back by sea; but the Goverrment have paid your hospital expenses at Liverpool for the whole time that you were detained there.

(vii) It is understood from your companions that you spent in India approximately the sum of £15 in making preparations for Northern Nigeria. Your companions have been refunded three-quarters of the respective amounts spent by them in the same connection.

You

Para 20 (11)

You are accordingly entitled to receive the sum of £11.5.0 being three quarters of £15.

3. As against these sums it is understood that you received an advance of three months full pay (£8) before you left India; and arrangements have been made that you should be paid an advance of £5 by the Purser of the steamship "Massilia" on your arrival at Bombay.

4. Summing up the contents of the two preceding paragraphs, you are entitled to the following sums:-

Half Salary 21st May to 3rd September.....	£ 4.12. 5.
Railway Fare Bombay to Rawal Pindi.....	£ 1.10. 0.
Luggage allowance Bombay to Rawal Pindi...	£ 3. 0. 0.
One month's full pay on determination of engagement.....	£ 2.13. 4.
Three quarters of amount spent on preparations.....	£11. 5. 0.
Total.....	£23. 0. 9.

Against this you will have received advances amounting to £13. There is therefore due to you the balance of £10. 0. 9, and the Goverrment of India have been asked to arrange for the payment of that sum to you.

(iv) The cost (£18) of your return passage from Liverpool to Rome has been paid by the Government.

(v) Your expenses at Liverpool for the whole time you are detained there will be paid by the Government, but the Government does not undertake to pay for any travelling back by other than the direct route.

(vi) Your wife will also be allowed like them the same allowance for certain days in respect of their stay in England and detention in France on the journey home. You will not however exceed a total amount of £30 per annum, amounts of £4.15.0. per day for the period of your detention.

(vii) If it should not be possible for you to return from Rome within 28 days from the date of your departure from Liverpool, the cost of your return passage from Rome to Liverpool will be borne by the Government.

Sir,

I am directed by the Earl of Crewe to acknowledge the receipt of your letter (No.M.7781) of the 16th of June relating to the party of 15 natives of India who left India on the 25th of May by the Anchor Line's steamer "Elysia' for service in Northern Nigeria.

2. The men duly arrived in Liverpool where they were met by Sergeant Major G.F.Williams of the Northern Nigeria Regiment of the West African Frontier Force and it was proposed that they should sail for Forcados by the steamer leaving Liverpool on Saturday the 26th of June. On further consideration, however, and having regard to the trouble and expense which has occurred over the repatriation of the two parties of Indians who returned from Northern Nigeria to this country in the summer of 1907 and in April last respectively, Lord Crewe decided it was undesirable to continue a system under which so much difficulty and friction had occurred, and which, in the present conditions in Northern Nigeria did not seem likely to work more successfully in the future. He accordingly directed that the 15 Indians who had just arrived at Liverpool should not proceed to Nigeria but should return forthwith to India. It was explained to them that they were all given notice, involving the payment

to

The Under Secretary of State,
INDIA OFFICE.

to each of them of a month's salary, under section 8 (1) of the Schedule to their Agreement, a copy of which section is enclosed for convenience of reference.

3. The party of 15 Indians (whose names and trades are given in the margin) were brought up to London and granted a detention allowance here pending the settlement of the sums which should be paid to them on returning to India. Only one of the party (Mr.Alla Bax) possessed any knowledge of English, and it was therefore thought advisable to take advantage of the fact that the other party of Indians, who had been in England since April, two of whom (Mr.Fazal Din and Mr.Sunkar) speak English fluently, were leaving for India on the 3rd of July travelling overland viâ Marseilles, to send the new party back with their fellow-countrymen.

4. I am to enclose copies of the particulars of settlement with 14 out of the 15 members of the new party. The 15th man (Mr.Jahan Dad, Saddlemaker) has been unable to travel home with his companions, as on arrival at Liverpool he had to be taken into hospital with malarial jaundice, and the Hospital Authorities do not wish him moved for another fortnight. A further letter about him will be sent to you in due course. The 14 members of the party who have started back for India all signed, before they left, a written acceptance of their respective particulars of settlement as forming a complete and final settlement of their cases.

5.

5. They have each been paid the various sums there mentioned and have in addition been provided with second-class passages from London to Port Said by the "Marmora" leaving Marseilles on the 9th of July (at a cost of £10 each) and with third-class passages from Port Said to Bombay by the "Rubattino" leaving Port Said on the 23rd of July (at a cost of £7.14.0 each). It will be seen that they have been paid their half salary up to the 30th or 31st of July inclusive according as they come from Umballa or Rawul Pindi. The way in which this date is arrived at is explained in the letter which was sent to you about the return of Messrs Fazal Din, Sunkar, and their party.

6. It is understood that all of the party except the last four who come from Umballa are members of the Indian Supply and Transport Corps; and Mr.Alla Bax before his departure asked that application might be made for him to have a month's leave without pay in India before being required to resume the duties of his Indian appointment. He was informed that this request would be brought to the notice of the Government of India.

7. I am to add that the sum of £18 referred to in item No (5) of the various claims is, except in the case of Amir Ali Khan, the sum which the Anchor Line would have charged for each third-class return passage if they had gone back by sea from Liverpool. The case of Amir Ali Khan differs from the others in that he has been granted a second-class passage from Port Said to Bombay instead of a third class passage.

I am, Sir,

Your most obedient Servant,

Hy. Just.

Sir,

I am directed by the Earl of Crewe to acknowledge the receipt of your letter No. M.6607 of the 18th instant regarding the engagement of certain natives of India for temporary service in Northern Nigeria.

2. It will be seen that there are two sets of men in question, viz. (a) the

2 Carpenters,
2 Shoeing Smiths,
2 Blacksmiths,
2 Saddlers,
1 Veterinary Assistant, and
6 Naiks

asked for in the letter from this Department No. 148 of the 27th of January last (the request which presumably formed the subject of the Secretary of State for India in Council's military despatch of the 19th of February last); and (b) the 12 Carpenters for the Public Works Department of Northern Nigeria asked for in the letter from this Department No.9523 of the 7th of April (the request which presumably formed the subject of the "advance paragraph" from the

the Secretary of State for India in Council to the Government of India of the 7th of April).

3. As regards set (a) Lord Crewe understands from the Government of India's telegram of the 17th of May that they have been selected and will, as at present arranged, leave India on the 25th of May arriving at Liverpool about the 23rd of June. Lord Crewe does not propose to make any alteration in the arrangements as regards this set; and steps will be taken to have them met, if possible, by some Northern Nigeria official on their arrival at Liverpool in the same way as Sergeant Webster met the six Indian artizans who arrived at Liverpool on the 2nd of April 1908 (see your letter to this Department No. M.3008 of 26th February 1908 and subsequent correspondence).

4. As regards set (b) if, as Lord Crewe imagines to be the case, they have not yet been selected, it is desired that the request may be definitely cancelled.

Sir,

I am directed by the Earl of Crewe to request you to invite the attention of the Secretary of State for India in Council to the letter from this Department No: 9523 of the 7th of April, regarding the request for the engagement of 12 Indian carpenters for service in the Public Works Department of Northern Nigeria.

2. Having regard to the trouble which arose in the Summer of 1907 in connection with the various Indians then returning from Northern Nigeria to India and to the fact that this trouble is again occurring in regard to the Indians at present in this country on their way back from the Protectorate to India, it appears to his Lordship doubtful whether any more Indians should be engaged for service in that country. The Governor and the Acting Director of Public Works, Mr. Ridsdale, will both be home in about a week so that there will be an early opportunity of discussing the matter with them more fully; but in the meantime Lord Crewe would be glad if the Secretary of State could telegraph to the Government of India asking that action in the matter may be suspended for the present.

Sir,

I am directed by the Earl of Crewe to transmit to you, to be laid before the Secretary of State for India in Council, the enclosed copy of a despatch from the Governor of Northern Nigeria in which a request is made for the engagement of twelve Indian Carpenters for service in the Public Works Department of the Protectorate.

Sir P. Girouard
No. 80 of 13 Feb. 1909

2. This request lies somewhat outside the original scheme introduced on the recommendation of Sir F. Lugard, for employing a certain number of Indian Artizans and Transport attendants temporarily with the Transport Department of Northern Nigeria; so that Lord Crewe does not feel that he can press it in the same way as the requests for replacements in, or additions to, the original Indian Transport establishment in the Protectorate. As, however, the experiment in the case of the Transport Department would appear (unlike the case of some of the Indian clerks engaged at the same time) to have been attended with very satisfactory results, his Lordship would be glad if the Government of India can see their way to accede to the present application of the Governor and the Deputy Director of Public Works.

Works.

3. If that should be the case Lord Crewe would propose that the arrangements set out in the letter from this Department No.39455 of the 14th of November 1907 in regard to the engagement of six additional Artizans for the Transport Department should be followed in the present case.

4. Consequently the men would be engaged for three years continuous residential service in West Africa under the same terms of agreement as the Transport Artizans. Their pay would be at the rate of £32 per annum.

5. It is suggested in the enclosure to the accompanying despatch that the salaries of the men should be at a slightly higher rate and that they should provide their own rations. Lord Crewe would however prefer to adhere to the existing arrangement (as explained in the 14th paragraph of the schedule to the form of agreement used in the previous cases) under which the men receive free rations. If, as stated in the enclosure to the despatch, the various varieties of foods required by Indians are now obtainable in Northern Nigeria it should presumably be all the more easy for the local Government to have the proper supplies on hand for the use of the men as soon as they have finished the supply of rations which they take with them from India for the voyage

voyage from there to Northern Nigeria.

Sir,

No.1460/1908

From the Deputy Director of Public Works

To

The Secretary to the Administration, Zungeru

Sir,

Re Indian Carpenters.

I have had opportunities lately of seeing the work carried out by the Indian Carpenters and Artizans employed by the Transport Department, and I should like very much to obtain about 12 Carpenters who would be stationed always at Zungeru or Lokoja. They could be most usefully employed on making and repairing furniture, on carrying out the small repairs constantly necessary, and especially for training Apprentices. I understand from the C. T. O. that their rate of pay is about Two pounds sixteen shillings (£2. 16. 0) per month and rations to the value of about One pound five shillings (£1. 5. 0). This is slightly higher than the average rate paid to Coast local Artizans, but the work turned out by the Indians is immeasurably superior. The C. T. O. has pointed out that the importation of food from India for these men is a difficulty and has suggested that, in the case of new appointments, this might be stopped - a corresponding increase in the rate of pay offered being made. The C.T.O. informs me that the various varieties of food required by Indians are now obtainable locally. I suggest that the rate of pay, without rations be fixed at from Four pounds five shillings (£4. 5. 0) to Four pounds ten shillings (£4. 10. 0). I trust that my recommendation may be approved by His Excellency.

I am, &c.,

Sir,

I am directed by the Earl of Crewe to transmit to you, to be laid before the Secretary of State for India in Council, the accompanying copy of a despatch from the Governor of Northern Nigeria on the subject of the Indian artificers and transport attendants who were engaged by Mr. P. Carrigan early in 1906 for service with the Northern Nigeria Transport Department and whose agreements are now about to expire.

Gov. No. 644.
27th November.

2. Lord Crewe would be much obliged if steps could be taken, as requested by the Governor, to replace the men who do not wish to extend the period of their service under the Government of Northern Nigeria, viz. 2 Carpenters, 2 Shoeing Smiths, 2 Blacksmiths, 2 Saddlers, 1 Veterinary Assistant, and 6 Transport Attendants. The salaries offered are the same as in the case of the men engaged by Mr. Carrigan, a list of whom formed one of the sub-enclosures in the letter from this Office of the 20th of May 1907, viz. £32 per annum for Carpenters, Shoeing Smiths, Blacksmiths and Saddlers, £84.

£84 per annum for the Veterinary Assistant, and £24 per annum for Transport Attendants (Naiks). In other respects it is desired that the arrangements made in the case of the 6 Artificers who were engaged in compliance with the request contained in the letter from this Office of the 14th of November 1907 should be followed.

3. Lord Crewe gathers from the Governor's despatch that he desires that the men engaged should arrive in Northern Nigeria about the beginning of June next. In order to do so, they would have to leave India in time to reach this country about the beginning of May, and I am to request that this may be arranged if possible.

The Chief Transport Officer reports that he will be able to carry on for the remaining two months of the dry season (April and May) with the men left, without those returning to India being at once replaced. He is anxious to try the experiment of replacing the Naiks by local headmen and this will give him an opportunity of doing so. Upon the result will depend whether the Naiks due to leave in March 1910 are replaced or not.
